Chapter 1: How You Approach Life and How You Appear To Others

Scorpio Rising:

You are very strong-willed and proud, but intensely private and not easy to know well. Behind your quiet exterior lies a great deal of emotional depth, sensitivity, complexity, and also fierce determination. When you want something you go after it rather quietly but insistently and wholeheartedly - and you usually get it.

You are not a person who lives lightly or superficially. You want to live passionately and intensely and are not averse to challenge, danger, or to facing the darker side of life - human pain and struggle. You function well in crisis situations and often seek them out, for you enjoy the feeling of living at full capacity.

You are very intuitive about other people and especially about their unspoken feelings and hidden motives. You usually have strong, immediate gut reactions, either positive or negative, which prove to be correct. You approach life very instinctively and are not always fully conscious of why you feel or act as you do. You also have a very strong affinity with animals - an acute sensitivity and a nonverbal kind of rapport with them.

In relation to others, you are rather cautious, sometimes even suspicious, until you get to know and trust them - and trust doesn't come easily to you. When you commit yourself emotionally to someone, be it friend or lover, you are intensely loyal and devoted to them and you also expect the same kind of unwavering, undying loyalty in return. If you are ever betrayed by someone you care deeply for, you are capable of hating and retaliating with as much fervor as you once loved. Nothing is done halfway. In fact, you are intensely involved and often jealously attached to whatever you care about, be it person, idea, or cause. There is definitely a streak of emotional fanaticism in you.

Because of your natural reserve, others may see you as something of an enigma. You are quite self-protective and often defensive. You are also very magnetic, especially to members of the opposite sex.

Uranus Conjunction Asc.:

You identify with the progressive, innovative elements in society, and with being a rebel, reformer, nonconformist, or iconoclast. You enjoy being original, unpredictable, and spontaneous, and insist on doing whatever you wish regardless of tradition, convention, or other people's wishes. Others see you as "different" but interesting and exciting.

Chapter 2: The Inner You: Your Real Motivation

Sun in Cancer:

You have powerful emotional attachments to the past, your family, your childhood, those places you associate with safety and security and your beginnings. Maintaining a connection with your roots and heritage and keeping family bonds strong are very important to you. Loyal, devoted, and sentimental, you tend to cling to whatever is dear to you, be it person, familiar place, or cherished possession.

You are sympathetic, nurturing, supportive, and very sensitive to the emotional needs of other people. You like to be needed, to care for others, and you often worry about the people you love. You have a very strong need for a sense of belonging and acceptance, and you center much of your life around your home. You are more concerned about people and their feelings than with power, achievement, or position in society. Kindness, consideration, and tenderness impress you more than any sort of honor the world can bestow.

You are primarily emotional and your views are often dominated by your feelings and by your own personal, subjective experiences, rather than reason, logic, or abstract principles. It is difficult for you to judge situations in a fair, objective manner for your personal sympathies and loyalties usually enter in. You take things very personally, and sometimes build a wall around yourself to protect yourself from pain and rejection. You feel rather shy and vulnerable at heart. You also tend to be moody, experiencing frequent emotional ups and downs. You need to have a place and time in your life to withdraw, introspect, dream, and replenish yourself; otherwise you become cranky and unhappy with those around you.

You function in an instinctive, nonrational manner and like to immerse yourself in creative activities where you can express your feelings, imagination, and instincts. You often love to cook, since it can be both creative and a way to nurture and nourish others. You also have a great affinity for music, because it evokes and communicates feelings that may be difficult or impossible to put into words.

Your compassion, sensitivity, and imagination are your strong points. Your faults include an inability to release the past and go forward, clannishness and prejudice, and a tendency to be self-pitying when you meet hardships in life.

Sun in 8th house:

You crave intense experiences and are attracted to aspects of life that are strange, unfathomable, or taboo. You may hide your interests or inclinations, except from those who know you very intimately. You are rarely content with yourself and your life, and you have an inner urge to be continually going farther or deeper than you ever have before. You also have a strong interest in social power and the role that money and economics play in people's lives.

Sun Conjunction Venus:

You are loving and well-loved by others, and have a strong need for kindness, friendship, and affection. Your artistic and creative powers are also well developed and you do everything in a harmonious, gracious, pleasing manner. Aesthetics are very important to you. Your personal appearance and attractiveness are also very important to you.

Chapter 3: Mental Interests and Abilities

Mercury in Gemini:

You have an extremely active, lively and versatile mind with a multitude of interests and an inexhaustible curiosity about life. You are quick to grasp new concepts and equally quick to lose interest in an idea or project once your curiosity has been satisfied. You like to taste a little bit of everything - concentration and disciplined study are not your strong points. Mentally restless, you may change jobs or locations frequently, or do work that involves movement, travel, and variety.

You have a flair for language, playing with words, speaking, writing, or teaching in an entertaining and informative way. You also enjoy meeting new people, conversing and learning a little bit about

them, and you work well with the public.

Sales, advertising, communications, journalism, or public relations are good areas for you. Your ability to be articulate and to communicate well is one of your greatest strengths.

Mercury in 7th house:

You are often involved in verbal exchanges, interviewing, discussing, debating, counseling, negotiating, getting and giving feedback, and sharing information. You are drawn to intelligent and verbal people, with whom you can communicate and from whom you can learn. You love to have an audience to hear your ideas, and you also appreciate eloquent presentations by others.

Mercury Conjunct Neptune:

Your mind does not function in a linear, logical manner and you are often unable to express your thoughts in simple, everyday language. Symbols, images, art, or music better express your ideas. Flights of imagination and fantasy carry you into strange and beautiful worlds, and you could develop the ability to transcribe some of your perceptions to share with others, for example, by writing fantasy, fiction, lyrics, or poetry. You are sensitive to nuances and possess intuitive or psychic gifts, but you may become confused between imagination and true perception. You have a strong mystical and idealistic bent, and have difficulty concentrating your attention on practical or mundane activities. You are strongly attracted to metaphysical and spiritual topics.

Mercury Conjunct Pluto:

Suspicious that appearances are superficial and masking the "real nitty-gritty", you are always probing beneath the surface to uncover the deeper, hidden aspects of a matter. You are interested in anything secret or mysterious. You have great powers of concentration and a penetrating mind, with an aptitude for research, investigative reporting, or detective work. You are also keenly observant and seem to have "x-ray vision" regarding the inner motivations and intentions of other people. You could make an excellent psychotherapist, uncovering the deeper causes and roots of a person's emotional problems. You may also be drawn to esoteric or occult studies and the development of unusual mental powers. Stories of mystery, intrigue, espionage, etc. fascinate you.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Scorpio:

Secretive and inclined to brooding silences, it is difficult for others to really know your inner core, for you trust and open yourself to very few. Allowing yourself to be vulnerable and to relinquish control in relationships is not easy for you.

You have intense, passionate loves and hates and are a jealously loyal and protective friend - or a fearsome foe. You have a nasty habit of holding on to past hurts, resentments, and guilt - and to keep such feelings to yourself. It is important for you to learn to forgive and let go, as well as to express your feelings openly and directly, rather than hiding or repressing them.

You are not content with superficial appearances and are always probing beneath the surface of things for hidden motives. You have a great deal of emotional depth.

Moon in 12th house:

Your own feelings and emotions are something of an enigma to you, and it is often difficult for you to share with others what you are feeling.

You frequently withdraw from contact with the world, and need a healing, peaceful environment in order to blossom and come out of yourself.

You identify with the oppressed, disenfranchised or underdog in any situation and want to help them or care for them in some way.

Moon Conjunct Saturn:

Serious and emotionally reserved, you were probably never an exuberant, playful child, and you rarely express yourself in a spontaneous, childlike manner. You are cautious about letting others get close to you and sometimes withdraw from people altogether. At times, even when you are with people, you feel lonely or isolated. Learning to appreciate your own company and to find satisfying solitary activities is essential to your emotional well-being.

Moon Square Jupiter:

You have a buoyant, cheerful disposition and reach out to others in a warm, open, friendly way. Your emotional generosity and lack of pettiness is well known among your circle of friends, and people often seek you out for help, sympathy, or advice. You are always willing to overlook others' faults, and you sometimes overdo your charitableness.

Venus in Gemini:

In love, you are more interested in a person's sense of humor and intelligence than in their physique. You like a partner who is mentally alive and who keeps you guessing a little bit, and you become restless and bored with someone who never asks questions, never changes or surprises you. Talking, sharing ideas, going places together, and learning new things together is very important to your happiness. You need lots of social stimulation, are something of a flirt, and like to have many friends of both sexes. A possessive, jealous partner is very stifling for you.

Venus in 8th house:

You crave very intense, deep, emotional relationships, and would even prefer a stormy, tumultuous relationship to one which is smooth but lacking vitality and passion. You love wholeheartedly and expect all-consuming, total devotion and attention from your partner. Casual, light relationships hold no appeal for you.

Venus Sextile Mars:

You are warmly romantic and openly express your appreciation and love of the opposite sex, though rarely in a crude or insensitive manner. You enjoy playing match-maker and bringing people together romantically. Fulfillment and harmony in love is likely for you because you know what you want and need in a romantic sense and express those desires honestly.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Aries:

You have a warrior's attitude - decisive, courageous, and bold. You tend to always want to DO

something, even when waiting for an appropriate time or not doing something (simply letting things alone to resolve themselves) would actually be more efficient and effective. You absolutely cannot tolerate being passive or even patient about getting what you want. You feel that it is up to you to take the initiative and you go after your goal or desire very aggressively.

You are also self-reliant, do not depend on others to do things for you or help you along, and you are often irritated when other people offer advice or direction. Cooperation rarely comes easily to you. You are willful and can be quite oblivious to others' desires or feelings when you are pursuing something you want. You are highly competitive, enjoy a challenge or a good fight, and may be downright pugnacious at times. Abounding in energy and enthusiasm at the start of a new venture, you need a very positive response and encouragement to sustain your interest in it. If a project isn't successful rather quickly, you are apt to drop it and move on to something else, rather than rework or refine it. The desire to blaze a trail, to do things in a new way - YOUR way - is very strong in you. You can discover, invent, and initiate new things, but are impatient and may lack the stamina and perseverance needed to complete a long-term project.

Mars in 5th house:

You play vigorously and enjoy competitive games and physical rough-and-tumble activities. Athletics and/or physical activities have great appeal for you. You take the initiative in sports and also in romance: you are ardent in pursuing ANYTHING you desire.

Chapter 6: Other Influences

Jupiter in Leo:

You cannot tolerate smallness or pettiness in any form, and you have a tendency to exaggerate. Also, you have a wonderful sense of drama! You must live boldly and heroically. Otherwise you feel you are simply existing and wasting your talents.

The desire for personal recognition - or even Fame - and a need to do something you feel really proud of, motivate you strongly. You have an unusual capacity for fun and playfulness also.

Jupiter in 9th house:

You are very open-minded and deeply curious about distant places and ways of thinking and living that are different from your own. The urge to travel widely and to experience as much of the world as possible is very strong in you. The study of philosophy or religion also interests you a great deal. You benefit from your contact with other cultures, and you may be involved in linking those who are far apart geographically or philosophically.

Jupiter Square Saturn:

You have an inner conflict between idealism, hope, and faith in the future versus doubt and oppression by limitations and practical realities. You need to develop discipline and patience in order to achieve your aspirations. You will grow by learning to accept frustration and to persevere in spite of obstacles.

Jupiter Sextile Pluto:

Your willingness, even eagerness, to embrace change and to undergo deep, transformative experiences for growth and self-improvement is one of your finest attributes. You are also likely to be

an instrument for positive reform in the world. You coordinate well with other people when you share a mission or higher purpose.

Saturn in Scorpio:

You both yearn for, and fear, being emotionally vulnerable with others and experiencing deep emotional intimacy. Trusting others and letting yourself be known in a deep way doesn't come easily to you, and sexual inhibitions may result from this. You are very self-protective and may be compulsively secretive. Learning to relinquish control in personal relationships, and to be completely open, are important tasks for you.

Saturn in 12th house:

You may have nebulous but ever-present guilt and fears that are difficult to pinpoint or eradicate. It's as if you don't trust Life itself, and are always seeking ways to defend yourself from its dangers and its unknowns. You must learn to overcome your ingrained habit of discouragement and anxiety, and to see the world more as a friendly place than as a treacherous one.

Uranus in Scorpio:

You are part of a 7 year group of people who break up all manner of taboos regarding death, sex, and any other personal, private, or difficult topics. Your age group is less modest about sex than other age groups and promiscuity is not uncommon. You love emotional intensity, and there are many extremists and fanatics in your age group.

Uranus in 1st house:

You are an unconventional and innovative person, and you are seen as a rebel, reformer, or highly unusual in your manners, appearance, or attitudes. You enjoy being unpredictable, and you do not conform to the standards that other people have set. Above all, you are an individual, and you do what you please regardless of customs and norms. Your environment and life circumstances may change frequently and abruptly.

Neptune in Gemini:

You are part of a 14 year group of people that have a very active imagination. Your age group has a great interest in poetry and fiction, and some of the world's most creative and imaginative poets and writers are members of your generation. Your age group has a great curiosity about psychic phenomena, astrology, and other metaphysical sciences. Your generation also takes a rather intellectual, nonemotional attitude towards religion, and is quick to see logical flaws in religious doctrines.

Neptune in 8th house:

You have a very active imagination and powerful fantasies. You may develop an interest in the supernatural, psychic phenomena, or occult subjects. You may have strange fantasies and/or nebulous fears of "ghosts", "the astral plane", or death. It's better for you not to dabble in such areas unless you are thoroughly grounded in the practical world as well.

Neptune Conjunct Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Gemini:

You are part of a 30 year group of people who have a lighthearted and carefree attitude towards life. Your subconscious and emotional needs are not as great and not as difficult as other generations. You approach life in a more airy and easygoing manner. You know how to have a good time and do not take life as seriously as other generations do.

You are a curious and inquisitive bunch and love puzzles and word games. Some members of your generation will follow these interests with great depth, and contribute spectacular breakthroughs in the areas of languages, mathematics and logic.

These breakthroughs also highlight the importance of educational skills and the benefits they can bring, and your generation is highly motivated to improve the educational standards and academic skills of people. A tremendous push is given to ensure literacy of all people, to develop adequate verbal and mathematical skills, and to slow down the dropout rate from high schools. Needless to say, these are noble goals that all generations support, but your generation puts a much greater emphasis on these issues than others age groups do.

The generation following yours is far more emotional and personally sensitive than your group. Consequently, many of you are oblivious to the emotional support and tender nurturing that your children (who are likely to be members of this next generation) require.

Pluto in 7th house:

Emotional intensity, compulsive attraction, and a sense of fate or destiny characterize your one-to-one relationships. It's as if you simply cannot have light, superficial relationships; they are inevitably profound, intense experiences which reveal your depths to you. You may be drawn to powerful, charismatic, willful people that challenge, thwart, and ultimately evoke your own power and strengths. Your marriage is likely to be the arena for your greatest growth.
